

Help & Support for your timetabling

With **TimeTabler** we provide the most comprehensive and expert timetabling support on the planet.

We support you in **12** ways:

1 There is a free **Tutorial**, with a step-by-step Tutorial Booklet, to give you a quick introduction to the general style of the program.

Visit www.timetabler.com and use the Menu shown to get your free copy:

2 In **TimeTabler** every screen has its own interactive **HelpScreen** (as you can see in the free Tutorial version).

Just click on the part of the screen you want Help on.

3 We provide a range of animated **HelpMovies** (video tutorials), to explain each main screen with a guided tour.

This is good at the start, to learn it quickly, and also at the start of each new timetabling season for quick revision.

4 **TimeTabler** comes with a fully-illustrated 250-page **printed Manual**.

This contains a large number of **Worked Examples**, from simple 'setting' to the most complicated 'Sixth Form'.

It includes lots of timetabling Tactics, Tricks and Tips, spelt out step by step.

5 We provide a **QuickStart Guide**, with a checklist of steps that you need to take.

6 The book by Keith Johnson, Mervyn Wakefield and Chris Johnson on "**Timetabling – A Timetabler's Cookbook**" is the standard 'bible' on timetabling principles.

It covers every aspect from A to Z. www.timetabler.com/book

The web-site also has some free **INSET/CPD materials** on timetabling principles.

And if you are **new** to timetabling, there is more information for you.

7 We send you a **monthly Newsletter** to remind you of the essential tasks at each stage of the timetabling year. To receive your **free** copy, go to:
